

ARMANDO A. MENDEZ, M.D.

Dr. Mendez received his undergraduate degree from Marquette University in 1980. He was awarded his M.D. from Jefferson Medical College in 1985. He completed his surgical internship at the Medical Center of Delaware in 1986, and completed a Research Fellowship at the A.I. DuPont Institute in 1987. His Orthopaedic Residency Program was completed at the University of Kansas in 1992, and Dr. Mendez completed a Spine Fellowship from the University of Rochester in 1993.

His hospital affiliations include Taylor Hospital, Crozer-Chester Medical Center, and Riddle Memorial Hospital. He is board certified by the American Academy of Orthopaedic Surgeons.

During his career, Dr. Mendez has given various presentations at many Orthopaedic Associations and Societies, and has published multiple articles on Orthopaedic Topics. He has received several awards over his academic and professional career, including the Russell S. Hibbs Award from the Scoliosis Research Society. He was a student member on the Admissions Committee at Jefferson Medical College, from 1982-1985.

Dr. Mendez is married with four children, and practices General Orthopaedic Surgery, including Fracture Care, Open and Arthroscopic Knee and Shoulder Surgery, Spinal Surgery and Joint Replacements.
